

THE VALUE OF BIAs

A BIA is integral to advancing a distinct, livable, vibrant and resilient business district in its local community.

Downtowns Matter

Downtowns:

- Represent sustainable development, making the best use of our existing infrastructure and creating compact communities that encourage walking, cycling and transit use
- Have historic connections to the origins of the community
- Have symbolic significance as the centre of civic lif
- Are a central hub for festivals and celebrations
- Reflect a positive image of the entire city
- Provide opportunities for local and incubator businesses
- Offer an experience not found in new malls, plazas

Some BIAs in Ontario are tourism districts, financial districts, industrial and repurposed manufacturing areas. Not all BIAs are located in downtown(s).

"Downtowns matters. It matters to the overall health of the city. Research and the literature consistently report on the connection between a healthy downtown and a healthy city."
