

# Municipality of Lakeshore – Report to Council

## Operations

## Water Management

**To:** Mayor & Members of Council

**From:** Albert Dionne, C.E.T.  
Division Leader – Water Management

**Date:** February 28, 2023

**Subject:** 2022 Drinking Water Annual Summary Reports

---

### Recommendation

This report is for information only.

### Background

The appended 2022 Annual Summary Reports have been completed in accordance with Section 11 and 22 under the *Safe Drinking Water Act, 2002* O.Reg.170/03 which requires that an Annual Summary Report be prepared and presented to Council no later than March 31 of each year for the preceding calendar year.

There are four (4) Annual Summary Reports attached that cover the period from January 1, 2022, to December 31, 2022, within the following water service areas:

1. Lakeshore Water Treatment Plant (Registered #260091507)
2. Stoney Point Water Treatment Plant (Registered #220003396)
3. Tecumseh Water Supply (Registered #260004982)
4. Union Water Supply (Registered #220004995)

Section 12 of O. Reg 170/03 further requires that the Annual Summary Reports be made available for inspection by any member of the public during normal business hours, without charge. The reports will be made available for inspection at the office of the Municipality (Town Hall location) and posted on the Municipal website.

### Comments

When a Ministry of Environment, Conservation and Parks (MECP) inspection takes place, this report confirms that Council (as the owner of the drinking water system) have been properly informed of the annual reporting within the Municipality on the various water service areas, in fulfilment of the above noted regulatory requirements.

## Financial Impacts

There are no budget impacts based on this report.
